TOP OF THE CLASS **EXPLOSION PROOF AIR-POWERED HEPA**

CE Ex
ATEX 6310

DESIGNED FOR USE IN HAZARDOUS LOCATIONS:

- Class I, Division1 Groups A, B, C, D
- Class II, Division 1 Groups E, F, G (NFPA 70)

VAC-EX-AV-25SS

Facilities with normally explosive and hazardous conditions require top-rated certified equipment they can trust. This air-powered industrial vacuum meets more safety ratings than any other explosive environment vacuum we manufacture! Ratings include, Class I, Div. 1 – group ratings A, B, C, D and Class II, Div. 1 – groups E, F and G. The list of features goes on and on. The true HEPA-rated downstream mounted filter assures additional safety for both wet and dry applications and a tilting 25 gallon stainless steel SAE 304 tank with less than 10 Ohms of resistivity, make this vacuum safe and high volume, all in one!

	VAC-EX-AV-25SS
Air Requirements	80 PSI at 40 CFM
Air Line	1/2" I.D. or larger
Static Water Lift	180" at 80 PSI and 40 CFM
Air Displacement	110 CFM at 80 PSI and 40 CFM
Filtration	HEPA 99.995% at 0.3 micron
Tank	25 gallons stainless steel
Dry Capacity	16 gallons
Wet Capacity	17 gallons
Noise Level	70 dBA
Dimensions	46" high x 27" wide x 30" deep
Weight	89 lbs

SAFE AND HIGH VOLUME, ALL IN ONE!

FEATURES

- Lab-tested explosion/dust ignition proof
- Hepa filter – included with an efficiency of 99.995% on 0.3 Micron
- Wet/dry recovery
- Designed for the recovery of flammable and toxic powders
- Complete static dissipating tool kit and grounded air hose included
- Air-powered
- Drain valve for easy emptying

VAC-EX-AV-25SS: VAC-EX-AV-25SS Explosion Proof Wet/Dry Air-powered HEPA Vacuum, including HEPA filter, dry filter, wet filter, tilting 25 gallon stainless steel tank with dump valve, grounded air supply hose, antistatic 1 1/2" x 10' Kanaflex hose, double bend wand, stainless steel crevice tool, dusting brush with conductive bristles, curved tip nozzle, floor tool with brass wheels, conductive bristle strips and rubber squeegee strip
