Goodway Technologies Corp. 420 West Ave Stamford, CT 06902	FOR MSDS INFORMATION Phone: (203) 359-4708 Toll Free: (800) 243-7932	Page 1 of 2 Effective January 25, 2012

MATERIAL SAFETY DATA SHEET (MSDS)

Section 1: Chemical Product and Company Identification

Product Name:	MoldTek™-MT
Product Class:	Microbial Growth Inhibitor
EPA Registration No.:	67212-3-83022
EPA Est. No:	67212-FL-001
Emergency Contact:	Chemtrec (800)-424-9300

HMIS Rating (Edition *III*)	
Health	0
Flammability	0
Physical Hazard	0

Section 2: Composition and Information on Hazardous Ingredients

Chemical Name:	**CAS #:**	**Percent by Weight:**	**OSHA PEL:**
2-Bromo-2-nitropropane-1, 3-diol	52-51-7	0.051 %	Not listed by OSHA
Dipropylene glycol monomethyl ether	34590-94-8	0.743 %	TWA 100 ppm STEL 150 ppm

Section 3: Hazards Identification for Exposure

Routes of entry include eyes, ingestion, inhalation, and skin contact.

Eyes:	Classified as non-irritating
Ingestion:	Not expected to be irritating or hazardous.
Inhalation:	Not expected to be irritating or hazardous.
Skin Contact:	Not expected to be irritating or hazardous. Not a sensitizer.

Section 4: First Aid Measures – When product is used according to directions, exposure to the product is not expected to cause problems. However, if a problem arises and persists, seek medical help

Eyes:	As a precaution, hold eye open and rinse with water for a few minutes.

Section 5: Fire Fighting Measures

Special Fire Fighting Instructions:	As in any fire fighting procedure, wear a self-contained NIOSH-approved breathing apparatus and protective clothing.
Extinguishing Media:	Use appropriate media to extinguish supporting fire.
Flammability:	> 150°F / 65.5°C; Product is not expected to be flammable.
Flash Point:	Not available

Section 6: Accidental Release Measures

Flood with water, flush into sewer; or absorb and dispose in non-hazardous landfill

Section 7: Handling and Storage

Handling:	Do not use without reading booklet for directions.
Storage:	Store in original container with lid closed. Keep out of reach of children. Keep away from heat.

Section 8: Personal Protective Exposure Control – As any product, minimize exposure when possible.

Engineering Control:	Use in well ventilated area.
Eye/Face Protection:	Wear protective eyewear, glasses, goggles, or face shield
Skin Protection:	Protective (rubber or latex) gloves when using product for extended time
Respiratory:	None required – follow OSHA guidelines for your application

Product Name: MoldTek™-MT

Section 9: Physical and Chemical Properties

Appearance:	Clear and Colorless	**pH @ 20°C / 68°F:**	2.5 – 4.5
Boiling Point:	~ 150°F / 65.5°C	**Solubility in Water:**	Complete
Evaporation Rate:	Not available	**Specific Gravity:**	1.000 – 1.050
Freezing Point:	< 17°F / -8.3°C	**Vapor Density:**	Not available
Odor:	Mild	**Vapor Pressure:**	Not available

Section 10: Stability and Reactivity

Chemical Stability:	Stable
Incompatibles:	Amines, Alkaline, Oxidizers,
Hazardous Products From Decomposition:	Carbon oxides (when mixed with an oxidizer), Formaldehyde (when mixed with an alkaline)
Hazardous Polymerization:	Will not occur

Section 11: Toxicological Information

$LD_{50}/LC_{50}/EC_{50}$:	LC_{50}: >2.09 mg/L (rat); LD_{50}: > 5000 mg/kg (rat)
Carcinogenicity:	None known

Section 12: Ecological Information

Ecotoxicity:	Not available

Section 13: Disposal Information

This product is toxic to fish. Do not contaminate water by cleaning of equipment or disposal of wastes. Triple rinse container, then offer for recycling or puncture. Dispose of in landfill or incinerate. If burned, stay out of smoke.

Section 14: Transportation Information

D.O.T. Shipping Name:	Not regulated
D.O.T. Hazard Class/ I.D. #/ Packing Group:	Not regulated
D.O.T. Label:	None
U.S. Surface Freight Class:	Not regulated
Air Transportation:	Not regulated

Section 15: Regulatory Information

TSCA:	All ingredients are listed in the Toxic Substances Control Act (TSCA) inventory.
OSHA:	Not regulated
Clean Air Act:	Not regulated
State:	Not regulated

Section 16: Other

Goodway Technologies Corp. assumes no legal responsibility or liability from the described product's use. All chemicals possess unknown potential hazards. The information herein should be used only to supplement the end user's existing knowledge. Read directions for proper use. This MSDS was written for the product as packaged. Product may turn yellow, orange, or brown if pH becomes alkaline; however, this should not affect the product's effectiveness. If frozen, crystals may remain in container after thawing. Shake until dissolved before using. Cleaning Contractors shall comply with all applicable OSHA regulations.
