

# The Newest Generation Of The Original Tube Cleaner

WITH ADVANCED ROTARY TUBE-CLEANING TECHNOLOGY.

## RAM-4 – The Original Rotary Tube Cleaner

With a Goodway tube cleaner in your arsenal, you're backed by 47 years of proven tube-cleaning performance. The fourth generation RAM-4 includes an array of interchangeable cleaning tools designed for a variety of situations. It's never been this simple to restore tubes to optimal performance. The cleaning tool safely and effectively scours debris away without damaging tube walls. A casing around the shaft feeds water to the rotating tool, flushing out deposits as they are loosened. The RAM-4 is one of the most effective weapons you can use to optimize your system's power requirements.
