

DIRT, BACTERIA AND ALLERGENS DON'T STAND A CHANCE

GVC-36000 – Heavy-Duty Power with Superior Results

We've paired the convenience of mobility with the power one would expect from a stationary unit. Take on virtually any large scale cleaning project with nearly 0.25 gallons of dry saturated steam per minute. On demand, industrial strength dry steam eliminates bacteria, mold and micro-organisms. Reduce cleaning time and lower production down time. Clean your facility to the highest level of hygiene available in the cleaning industry. Powerful enough for production lines, yet gentle on machinery and electronics.

- Bakery
- Confectionery
- Prepared Foods
- Dairy
- Dry Ingredients
- Meat & Poultry Processing
- Nutraceutical
- Produce
- Seafood
- Winery & Brewery

FEATURES
