

# POWERFUL SURFACE DISINFECTION

**SANITIZES HARD,  
NON-POROUS SURFACES  
IN 30 SECONDS!**

**MEETS EPA EMERGING VIRAL  
PATHOGEN GUIDELINES.**

## BIOSPRAY® TOWER

BIOSPRAY-TOWER is a broad spectrum commercial disinfectant. It kills and eliminates 99.9% of cold viruses and flu viruses commonly found on hospital surfaces. Kills 19 microorganisms and is tough on germs and easy on surfaces. This one step cleaning and disinfecting solution can be used in a variety of hard non-porous surfaces to clean and disinfect like the exterior of appliance, counters, waste containers, doorknobs and more. This product can be used on non-food contact and food contact surfaces when following the appropriate directions. It can be used as an effective non-food contact surface sanitizer that leaves surfaces sanitized with no pre-cleaning required. It also kills 99.999% of Bacteria on hard non-porous surfaces when food contact surface sanitation instructions are followed.
