INDUSTRIAL STRENGTH CHEMICAL ATOMIZING TECHNOLOGY

AQ-FG FOGGER – Chemical Fogger
Goodway heavy-duty foggers are designed to withstand the rigors of industrial sanitation and disinfection applications. Simple to use, lightweight and portable.

Our fogger atomizes our oxine chemical, BIOSPRAY-TOWER, or other approved water-based chemicals for thorough distribution across surfaces like floors, walls, ducts, and more. Foggers can be used to apply EPA registered chemicals for surface sanitation and disinfection. Read all labels prior to use.

Features
- Atomizes chemical for proper and thorough distribution
- Portable shoulder-carried design
- Use to apply water-based sanitizer and disinfectants approved for fogging
- Adjustable nozzle to dial-in chemical volume

Applications
- Food Processing
- Industrial Plant
- Sanitation
- Building Facilities
- Hospitality
- Health
- Retail Industries
- And so much more!
