

ScaleBreak®-MP

BIODEGRADABLE DESCALER FOR WATER OPERATED EQUIPMENT

COMMON CLEANING APPLICATIONS ARE:

- Piping
- Boilers
- Screens
- Chillers
- Scrubbers
- Pre-Heaters
- Condensers
- Lime Slurries
- Plate & Frame
- Reactor Jackets
- Vacuum Pumps
- Parts Washers
- Air Compressors
- Absorption Units
- Intake Pump Lines
- Cooling Tower Fill
- Spiral Heat Exchangers
- Air Compressor Jackets
- Evaporative Condensers
- Mussel Shells from Intakes
- Shell & Tube Heat Exchangers
- Complete Cooling Water Systems

SAFE FOR USE ON EQUIPMENT, INTERNAL SEALS & GASKETS COMPRISED OF:

- Brass
- Copper
- Nickel
- Stainless Steel
- Ceramic
- Steel
- Plastic
- Titanium
- Buna
- Neoprene
- Rubber
- Silicone
- EPDM
- Nitrile
- Santoprene
- Teflon
- Glass
- Fiber

When cleaning water operated equipment, one size, or formula, in this case does not fit every situation. Goodway Technologies recognized this plea when customers requiring an effective cleaning product that did not contain HCl. To answer this call, we formulated ScaleBreak-MP. **ScaleBreak-MP is a unique tri-blend of base constituents with the inclusion of corrosion inhibitors, wetting and penetrating agents that work in harmony to offer excellent cleaning results and speed without compromising the long term integrity of equipment base metals.**

ScaleBreak-MP is an industrial biodegradable descaler which will quickly and effectively dissolve calcium, lime, rust and other water formed deposits from water cooled/heated equipment. When applying ScaleBreak-MP in your equipment, it should be circulated through the water passages. As the product comes in contact with the deposits, they are dissolved into a liquid suspension. Upon completion of the cleaning the used solution is freely flushed from the system along with the dissolved deposits leaving no residual solution.

Optimal results are achieved when you pump into the bottom of the equipment and out the top. This method insures the area to be cleaned was flooded, allowing ScaleBreak-MP to come in contact with all the deposits. Adapting ScaleBreak-MP to your preventative maintenance program will insure peak efficiency, reduced operating costs and prolong the equipment's useful life.

ScaleBreak-MP is available in 5, 30, 55, 275 & 330 gallon containers

FEATURES:

- ScaleBreak-MP dissolves 2.5 pounds of scale per gallon
- Designed for large volume equipment cleanings
- Safe on base metals and gaskets
- Biodegradable and non-toxic

PART NUMBER	GALLON SIZE
SCALEBRK-MP-5	5
SCALEBRK-MP-30	30
SCALEBRK-MP-55	55
SCALEBRK-MP-275	275
SCALEBRK-MP-330	330

Regulation (EC) No. 1907/2006
