

SAVE TIME AND SAVE ON CHEMICAL COSTS

NO POWER NEEDED!

SANITARY STAINLESS STEEL CONSTRUCTION

BIOSPRAY® 10 and 20 - Portable Systems for Industrial Environments

BioSpray surface sanitizing systems from Goodway Technologies are patented, portable systems for faster, safer and more efficient surface sanitizing. The cordless BioSpray systems use an advanced CO2 delivery technology and lab-calibrated spray gun to apply BIOSPRAY-D2 surface sanitizer with better coverage than traditional pump sprayers.

FEATURES

- Quiet, non-electric, no power source required
- Continuous operation with no downtime*
- Patented freeze-resistant system*
- Highly calibrated delivery system for more effective coverage
- Portable for easy transport and storage
- Hygienic stainless steel design for easy cleaning

*BIOSPRAY-20 only

| | BIOSPRAY-20 | BIOSPRAY-10 |
|--------------------|----------------------------------|----------------------------------|
| Input Power | None. Uses internal CO2 cylinder | None. Uses internal CO2 cylinder |
| Hose Length | 20' | 20' |
| Operating Pressure | 24-26 PSI | 24-26 PSI |
| Tank | 20lb CO2 | 10lb CO2 |
| Dimensions | 44" high x 28" wide x 18" deep | 40" high x 16" wide x 25" deep |
| Weight | 100 lbs | 86 lbs |

APPLICATIONS INCLUDE:

- Tools areas
- Motors
- Freezers
- Control panels
- Proximity switches
- Dry production
- Packaging machines
- Labelers
- Slicers
- Scales
- Belts
- Classrooms
- Hospitals
- General surfaces
- Food prep surfaces
- And much more

BIOSPRAY® D2 Surface Sanitizer

BIOSPRAY D2 sanitizer and disinfectant is ready-to-use, no-rinse, highly evaporative, non-corrosive and fast acting. Ideal for water sensitive equipment like motors, tools, classrooms, hospitals, control panels, and more. BIOSPRAY-D2 is an EPA registered isopropyl alcohol and powerful quaternary surface sanitizer. The product is a ready-to-use, quick-drying disinfectant . It eliminates 99.9% of tested pathogens in 10 seconds on non-food contact surfaces and 99.999% of tested pathogens in 60 seconds on food contact surfaces.
