

# WALK-BEHIND DRY VACUUM FOR LARGE AREAS

**NEW & IMPROVED - LARGER TANK!**

## DV-RV-2 & DV-RV-3 – Superior Features

The twin and triple-motor DV-RV-2 and DV-RV-3 were specially designed to clean large warehouse floors and production spaces in short time. A 28" front mounted floor attachment spreads the suction power wide for extra efficient cleaning power, saving you time.

The unit also saves you money by converting to an all-purpose industrial vacuum by simply replacing the floor attachment with a conventional hose or accessory. For easy unloading of the 16 gallon collection tank, simply roll it out from under the vacuum unit.

**DV-RV-2:** Dry Roll-Vac Vacuum, including 28" front mounted floor attachment, filter, external filter shaker, 16 gallon detachable tank, handles, and casters

**Call for Customization Options and Price**

**DV-RV-3:** Dry Roll-Vac Vacuum, including 28" front mounted floor attachment, filter, external filter shaker, 16 gallon detachable tank, handles, and casters

**Call for Customization Options and Price**

**Note:** Vacuums do not include accessories. Order DA-KIT-D or individual accessories shown on pages 152-160.
