

CLEAR AIR WITH THIS HEPA FINE-PARTICLE VAC

EV-30H – Fine Filtration

Here's a commercial dry HEPA vacuum that brings new meaning to the term "environmentalism". A healthy climate starts with the air immediately around you. The EV-30H was designed specifically to protect you from fine particles that are associated with health risks, especially when airborne.

A three-stage filtration system, including 0.3 microns HEPA filter, ensures that only safe air is allowed to return to your workspace. A wide assortment of attachments is also included to effectively remove particles from tight corners and open spaces alike.

EV-30H: Commercial Dry HEPA Vacuum, including filters, 10.6 gallon polished steel tank, handles, wheels and casters, 8 1/2' vinyl crushproof hose, three piece 52" wand, 16" floor brush, 3" dusting brush, and 9 1/2" crevice tool **Call for Price**
