

HEAVY-DUTY PERFORMANCE

Goodway Flexible Shafts OUTLAST ALL OTHERS on the Market!

Flexible Shafts – Leading The Industry

Goodway's exclusive Quick Connect Shaft coupling and Quick Connect Tool coupling allow you to connect to the tube cleaner and change brushes up to 30 times faster than standard threaded shaft couplings. Quick Connect shafts feature a tough abrasion resistant casing designed to withstand harsh industrial environments.

The high-visibility blue nylon exterior reduces tripping hazards for added safety. The shaft's unique strain relief system is custom-molded with a variable thickness to allow for a gradual radial bend that is far superior to a spring or coiled wire. A galvanized spring steel core, comprised of multiple counter-rotated windings, provides unmatched performance.

Shaft life is increased with the use of a self-lubricating shaft insert for reduced friction and extended durability. A repositionable shaft stop lets you know when the end of the tube has been reached.

FEATURES

- Quicker brush change saves time
- No tools required to change brushes
- Brushes can not twist off shaft
- Safety twist lock with machine in reverse

FLEXIBLE SHAFT DIMENSIONS

Shaft No.	Casing O.D.	Tool End Thread
701	1/4"	8-32 female
702	3/8"	1/4-28 female or Quick Connect
703	1/2"	1/4-28 female or Quick Connect
704	9/16"	1/4-28 female or Quick Connect
720	3/4"	1/2-12 female
721	7/8"	1/2-12 female
721G	7/8"	1/2-12 female
821	7/8"	1/2-12 female

QUICK CONNECT COUPLINGS ENGINEERED TO SAVE TIME

THREADED COUPLING

Note: To order threaded, there is no "Q" in the part number.

QUICK CONNECT COUPLING

Note: To order quick connect, there will be a "Q" in the part number.
