

EXTEND YOUR CLEANING PERFORMANCE

CoilPro® Accessories

90° WANDS:

This ultra-thin wand can slip between the fan guard grating of condenser units seamlessly, thus facilitating thorough cleaning of coils from the inside without having to remove the top of the unit. Spraying the coils in this direction, opposite to normal air flow, provides for a more thorough cleaning of the unit.

8945: Wand, 90° Spray Wand, 36" (for CC-JR, CC-100, CC-140 and CC-600) **Call for Price**

8945-48: Wand, 90° Spray Wand, 48" (for CC-JR, CC-100, CC-140 and CC-600) **Call for Price**

COIL CLEANING KITS:

CC140-COIL-KIT: Buy our highly popular CC-140 coil cleaning package for tackling vertical fan coils, PTAC units, air handlers, and condenser coils. This coil cleaning kit consists of CoilShine cleaner, and condensate drain pan tablets.

The kit also comes with heavy duty water hose, 24" flexible extension wand with 90 degree nozzle, 10" flexible extension and spare battery. **Call for Price**

CCJR-COIL-KIT: Same as above. Does NOT include red water supply hose **Call for Price**

WHEEL AND DOLLY KIT:

This kit allows you to attach wheels and a dolly handle to the CC-100 Backpack CoilPro for easy mobility.

9683: Wheel and Dolly Kit **Call for Price**

COILVAC® DOLLY MOUNTING KIT:

Easily attach the CoilVac to either a CC-140 or CC-600 CoilPro with this mounting kit to create a complete coil cleaning system. The kit's brackets and accessory bin attach to the CoilPro's dolly with no modifications needed.

All fastening hardware is included, just bolt on the two support brackets and the accessory bin. The CoilVac can be used while mounted to the dolly, and the bin holds all the tools and extra collection bags you may need in a compact and efficient package.

CVC-CC-BRACKET: CoilVac Dolly Mounting Kit to attach the CoilVac to a CC-140 or CC-600 CoilPro Coil Cleaner **Call for Price**
