

COMPACT VACUUM THAT DOES IT ALL

AQ-RV450 – Remote-Controlled HEPA Duct Vacuum

Powerful two-stage vacuum, remote control, twin HEPA cartridge filters, and clever modular design make this versatile air vent cleaning system a no-brainer for any job. The AQ-RV450 can be used as a roll anywhere self-contained air vent cleaning system, or the light-weight modular power pack can be detached from the carrier and placed right next to the job.

The two-directional rotating brush safely removes debris while the dual vacuum motors pull up to 201 CFM back through the hose into the module's disposable vacuum bag. Clean HEPA-filtered air is then exhausted from the bottom of the unit.
