

PRESSURE WASHERS AND DRAIN CLEANERS

GPW-1200 - Compact and Durable

The GPW-1200 is so portable, it's like having a high-powered pressure washer in your back pocket. For climbing ladders and squeezing into tight corners, just grab it and go. It's as simple as that. At 1,200 PSI water output, it's powerful enough to remove heavy debris but not too powerful for your delicate rooftop air-conditioning coils.

GPW-1200-60: Portable Pressure Washer, including 36" wand, 25' high-pressure hose, variable pressure nozzle and soap container **Call for Price**

Note: Visit goodway.com for accessories.
