NEW &

LARGER TANK!

DV-RV-2 & DV-RV-3 Superior Features

The twin and triple-motor DV-RV-2 and DV-RV-3 were specially designed to clean large warehouse floors and production spaces in short time. A 28" front mounted floor attachment spreads the suction power wide for extra efficient cleaning power, saving you time.

The unit also saves you money by converting to an all-purpose industrial vacuum by simply replacing the floor attachment with a conventional hose or accessory. For easy unloading of the 16 gallon collection tank, simply roll it out from under the vacuum unit.
