

DOUBLE BARREL PUMP-OUT WET PERFORMANCE

DV-802WD State of the Art

The DV-802WD industrial vacuum is designed for heavy-duty plant applications that demand high performance, portability and high volume liquid transfer, all in a convenient 115V model.

This model features industrial strength motors, HEPA filtering, stainless steel construction, and two high powered motors can be run independently, delivering power to pick up a variety of wet debris. However, this unit really shines in large volume environments where it boasts an 82" water lift that picks up liquids fast, and a 79 GPM integrated pump out system that eliminates the need for transfer tanks.

DV-802WD: Commercial, pump-out wet HEPA vacuum, 115V, including 26 gallon capacity (wet), internal pump (79 GPM) and pump out hose (30 ft.).....
