

BACKPACK DESIGN AND HEPA PERFORMANCE

BPV-125H Compact

When you have a difficult job to do and not much room to do it, the BPV-125H makes any hard to reach job easy. Totally self contained, light and comfortable, this is high-efficiency cleaning for those tight out of the way places.

Tiny nuisance particles can't escape from the large capacity HEPA filter while the bigger stuff stays trapped inside the paper collection bag. An integrated tool belt will save time by eliminating wasted trips looking for the right attachment.

BPV-125H: Backpack Dry HEPA Vacuum, includes hose, wand and accessories..... **Call for Price**
