

THE PORTABLE POWERHOUSE OF PRESSURE WASHING

GPW-1200 Compact and Durable

The GPW-1200 is so portable, it's like having a high-powered pressure washer in your back pocket. For climbing ladders and squeezing into tight corners, just grab it and go. It's as simple as that. At 1,200 PSI water output, it's powerful enough to remove heavy debris but not too powerful for your delicate rooftop air-conditioning coils.

GPW-1200-60: Portable Pressure Washer, including 36" wand, 25' high-pressure hose, variable pressure nozzle and soap container **Call for Price**

Note: See page 92 for accessories.
