

GOODBYE TO DIRT, BACTERIA AND ALLERGENS!

GVC-36000 Heavy-Duty Power with Superior Results

We've paired the convenience of mobility with the power one would expect from a stationary unit. Take on virtually any large scale cleaning project with nearly 0.25 gallons of dry saturated steam per minute.

On demand, industrial strength dry steam eliminates bacteria, viruses and microorganisms. Reduce cleaning time and lower production down time. Clean your facility to the highest level of hygiene available in the cleaning industry. Powerful enough for production lines, yet gentle on machinery and electronics.

- Bakery
- Meat & Poultry Processing
- Candy & Confectionery
