

EXPLOSION PROOF INDUSTRIAL VACUUM

PERFECT FOR BAKERIES AND FOOD INDUSTRIES

CERTIFIED FOR USE IN HAZARDOUS LOCATIONS:

- NRTL 3Rd Party Certified
- Class I Div 1 GROUP D
- Class II Div 1 Groups E,F,G

ATEX CERTIFIED AVAILABLE

VAC-EX1-140H-9 Hassle-Free

This vacuum provides the highest level of protection for the safe collection of combustible dust in Class I and II, DIV 1 atmospheres. Our unique design offers the industries best filtration in a sanitary Stainless Steel housing coupled with the the strongest 115 volt explosion proof vacuum producer available. Included on every vacuum is our oversized secondary HEPA filtration purifies the air guaranteeing a safer work environment.

This can be operated in areas with high amounts of air born dust in a confined space as well as areas that have the potential for combustible fumes and vapors.

EXAMPLES

- Mixing and blending areas for resins and food ingredients
- Inside clean rooms or environmental rooms for pharmaceuticals and nutraceuticals
- Spray booths for automotive, aerospace and woodworking facilities
- Grain and seed handling facilities
- Additive manufacturing for post process cleanup

FEATURES

- Oversized sub-micro primary filter prevents premature clogging for long vacuum runtime
- External filter shaker eliminates operator exposure while cleaning filter
- Roll out bottom discharge dustpan for ergonomic, dust-free emptying. Conductive bag liners available
- Powerful vacuum motor and switch are sealed providing the highest level of explosion proof protection
- Vacuum and accessories are bonded and grounded providing a redundant source of continuity
- Meets NFPA and OSHA compliance for combustible dust
- Compact, tip free design for ease of mobility and operator use
- Stainless steel construction eliminates risk of bacteria and contamination
- Accessories available for overhead cleaning and point of source extraction

VAC-EX1-140H-9: Dry application, dust ignition protected industrial vacuum, 120-volt electric, including HEPA filters, 9 gallon static dissipating disposable collection bag, stainless steel tank with casters and 1 1/2" vacuum accessory kit **Call for Price**

VAC-EX1-140H-9

Motor Power	1.3 HP 1000 W Motor Power
Input Power	120 volts 60 hz 9 amps
Power Supply Cord	50'
Static Water Lift	70 H2O"
Air Displacement	142 CFM
Filtration Standard	M Class Anti-Static Pocket Primary Filter, Secondary HEPA Filter
Dry Capacity	9 Gal Tank Size (gal)
Noise Level	78 dB
Dimensions	47" high x 22" wide x 26" length
Weight	104 lbs
