

PUREBELT® FIXED BELT CLEANING SYSTEM

PUREBELT® FIXED Clean Even During Production

If your facility uses flat belt conveyors, the PureBelt® fixed brushless system is the solution to increase cleaning and sanitation performance. This system is designed to be permanently affixed to your conveyor belt framing to deliver clean-in-place cleaning of flat conveyor belts and is helpful in various production environments, including dry clean environments like bakeries, snack plants, confectionery plants, and sensitive industrial settings. The PureBelt® fixed systems reduce production downtime and labor costs by automating flat conveyor belt cleaning.

A PureBelt® fixed brushless conveyor belt system continuously cleans conveyor belts during production – leaving rollers and structure of the conveyor clean, greatly reducing the time needed for sanitation/changeovers. It uses the power of “dry” steam to clean and sanitize using 90% less water than other cleaning methods. Vacuum extraction quickly removes soils like sugars, fats, oils, allergens, and more, leaving belts dry and clean.

FEATURES

- Full width steam clean, available as single sided cleaning
- Vacuum removes debris and moisture leaving belt dry
- Dedicated to one belt
- Minimal water usage - from only 7 gal per hour
- FDA contact materials
- Quick and easy installation
- Robust and hygienic design
- Quick and easy to remove cleaning heads for clean-down
- Opportunities for cleaning during production

PUREBELT® FIXED CONVEYOR CLEANING SYSTEM:

Reduce cleaning time, remove allergens, and extend production time. Unique conveyor belt cleaning system cleans flat, solid belts in place automatically with dry steam and vacuum extraction, leaving belts clean, dry, sanitized and allergen free **Call for Price**

BENEFITS

- Improves line productivity (availability)
- Speeds-up belt cleaning
- Saves on maintenance and labor costs
- Frees-up sanitation staff
- Improves sterility - kills microorganisms
- Maintains or increases product shelf life
- Extends life and trouble-free running of conveyor belts

USE FOR

- Bakeries
- Confectionery
- Dry Goods
