

CLEAN TUBES WITH 90% LESS EFFORT? YOU BET!

QS-300 Quick Shot® Prevents Blow-Back

Load one of our high-quality projectiles into the tube then pull the power-assisted easy-pull trigger. The unit's in-line pressurized water system hurls projectiles through deposits with ease – you're left with an astonishingly clean tube in a matter of seconds.

Engineered with the user in mind, the Quick Shot® has industry-leading technology that safely discharges pressurized water and air through a state of the art Pressure Relief System.

Pressurized liquid is safely diverted through the venting mechanism and directed back at the tube sheet. Avoid the risk of injury and move on to the next tube – all in a matter of seconds.

QS-300: Quick Shot Condenser Tube Cleaning Gun including safety shield, hoses, tapered nozzle and carrying case **Call For Price**

Note: See pages 78-83 for projectiles and accessories.

FEATURES

- Compact
- Power-assisted trigger
- Safety shield
- Automatic pressure relief system
- Rugged construction

QS-300	
Air Requirements	50-150 PSI at 50 CFM
Water Requirements	Maximum 150 PSI at 5 GPM
Hoses	10' air and 10' water
Dimensions	9" long
Weight	3 lbs
Carry Case	5 1/2" deep x 19" wide x 14 1/2" high
