

ACCESSORY GUIDE CARBON FIBER

Elevate your cleaning game with our cutting-edge carbon fiber tools, designed to make your job safer and lighter. Our anti-static wands and conductive tools effortlessly reach those tricky spots without the hassle of ladders or platforms. Say goodbye to added costs and risks—our specialized extensions make cleaning the top of pipes, support beams, and other hard-to-reach areas a breeze.

CARBON FIBER INDIVIDUAL TOOLS

A. VAC-DIV2-100: 1.5" x 4' Conductive extension wand

B. VAC-DIV2-104: Conductive 45 degree cleaning head

C. VAC-DIV2-111: Conductive 135 degree extension

D. VAC-DIV2-103: Conductive 90 degree cleaning head

E. VAC-DIV2-101: 12" Conductive flat surface tool

F. VAC-DIV2-102: 2.75" Diameter conductive round brush

G. VAC-DIV2-108: Conductive crevice tool

H. VAC-DIV2-113: Optional 24" conductive tool that is good for use on large overhead duct work

I. VAC-DIV2-107: Light pole bag

J. VAC00530000: 1.5" OD to carbon fiber pole

K. VAC-DIV2-110: Optional 4.75" Diameter conductive large round brush

L. VAC-DIV2-112: 8" Conductive pipe brush tool

M. VAC-DIV2-109: 4" Conductive pipe brush tool

CAMERA SYSTEM ATTACHMENT

Introducing our innovative Camera System Attachment for the Carbon Fiber Overhead Cleaning System. This cutting-edge addition enhances our already popular lightweight cleaning solution, providing unparalleled visibility and control for cleaning hard-to-reach areas. Designed to meet the stringent NFPA DHA requirements for the safe collection of combustible dust, this camera system ensures thorough inspections and effective cleaning, all from the convenience of your cell phone.

FEATURES AND BENEFITS

- **Extended Reach:** Clean overhead, walls, high-reach areas, and under equipment extending to 15' to 25'.
- **Real-Time Monitoring:** The camera system connects to your cell phone, allowing you to see the cleaning process in real-time.
- **Enhanced Inspection:** Easily inspect areas for dust buildup to comply with NFPA's DHA safety standards.
- **Improved Cleaning Efficiency:** Monitor the effectiveness of your cleaning efforts to ensure optimal results.
- **Versatile Application:** Ideal for various industrial environments, ensuring comprehensive cleaning and safety.

VAC-DIV2-CAMKIT: Includes camera, camera mount, and cell phone mount. Cell phone sold separately

URETHANE CONDUCTIVE GROUNDED HOSE

This unique custom hose is fully grounded and bonded and offers a smooth wall extruded construction using anti-static conductive polymers applied over a robust copper ground wire. The conductive polymer and ground wire are molded to a carbon-impregnated cuff for complete continuity. Eliminate the risk of the cuff falling off or the grounding being compromised. Sanitary design and smooth interior with no seams eliminate the risk of bacteria growth. It can be used for the recovery of wet or dry materials.

VAC-EX-033-15: 1.5" x 15' Hose

VAC-EX-033-25: 1.5" x 25' Hose
